

COV 125
COV 125X

COV 125 **COV 125 X** Introduction

Ride Wild, Get Hooked

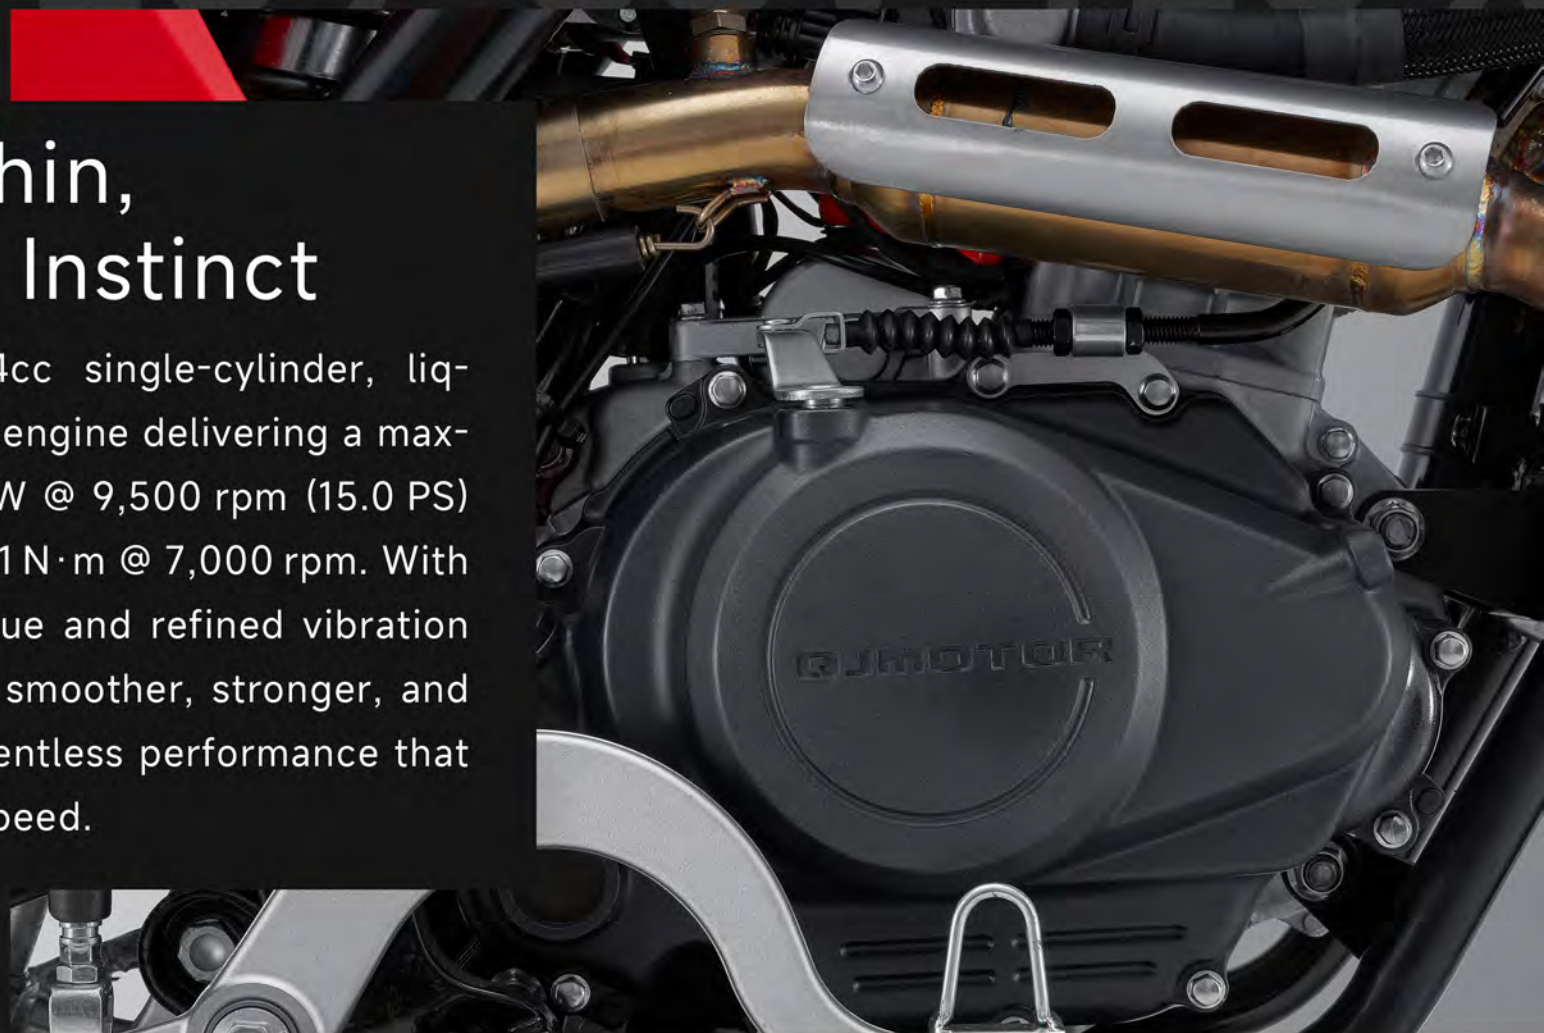

From rugged design and fierce power to precision handling and intelligent tech, this motorcycle is designed to conquer off-road trails. Born for the wild, built for the thrill. Every ride is a pursuit and enjoyment of freedom.

COV 125 / COV 125 X

Power Within, Unleashed Instinct

Equipped with a 124cc single-cylinder, liquid-cooled, four-valve engine delivering a maximum output of 11.0 kW @ 9,500 rpm (15.0 PS) and peak torque of 12.1 N·m @ 7,000 rpm. With stronger low-end torque and refined vibration balance, every ride is smoother, stronger, and more exhilarating. Relentless performance that feeds your need for speed.

DESIGN Look

Feral Aesthetics, Off-Road Soul

Fashion-forward, all-terrain adventure motorcycle:

A bold fusion of style and strength - muscular lines and rugged form highlight its pure ADV character.

High-Mounted Exhaust:
Better water-wading performance. Handle rough terrain with confidence and control.

EQUIPMENTS

Features

Precise Control, Wild Riding

Dual-channel ABS/CBS (optional):
Riding safety on complex terrain by preventing wheel lock and skidding for a greater peace of mind.

Front inverted Large-stroke Dual Damping System + Rear Spring Oil-damped Suspension:
Excellent shock absorption and comfort, with front shock absorber guards against rock and debris damage.

Max Torque Throttle Grip:
Shortened throttle grip stroke for faster acceleration and sharper response - wild handling, under full control.

Rugged Features, Worry-free Off-Roading

Widened Tooth-style Foot Pegs:
Stronger grip underfoot
for better control and stability on rough ground.

Concise LCD Display:
Essential riding info at a glance so you can focus on the ride ahead - off-road made simple.

Hand guards:
Wind and sand blocking for a more comfortable, protected ride through tough terrain.

Front & Rear LED Lights:
Outstanding illumination for safer night riding and visibility in all conditions.

Front & Rear Disc Brakes with Large Brake Rotors:
Superior braking performance for greater safety and control at any time.

280 mm (Highway model)/310 mm (Off-road model) Ground Clearance:
Outstanding clearance to easily tackle rocks, ruts, and rough terrain - nothing holds you back.

COV 125 :

17" front and rear road tires, with spoke wheels

COV 125 X:

21" front/18" rear off-road tires with deep tread, and spoke wheels

Comfort Riding, Long Off-Road Adventures

Ergonomic Design:

Thoughtfully engineered for rider comfort and safety - from feet to knees, hips to hands - to maintain control and stamina in demanding conditions. It provides comfort riding for long off-road adventures.

Convenient Electric Starter System:

Eliminates the hassle of manual starting for easier and faster operation.
